On the Eighth Floor, opposite the glass-cutting shop, we sell articles made by blind workers. Each article is tagged with the name of its maker.

We send every cent you pay us for an article to the person who made it.

A word of encouragement which you may write to the blind worker will be almost as much appreciated as the money itself. The burden of the blind is not their blindness but their idleness.

> Your purchase, therefore, is in accord with the true Christmas spirit.

#### We Shall NOT Keep Open Evenings

If we kept open until 10 o'clock, our central location would make it convenient to thousands of customers to do their shopping here during the evenings. Of course, the amount of our sales would be largely increased by extending our selling hours in this way. But it would be a hardship on the general health of our people, and for that reason only, we will continue to close at the usual hour.

By so doing you'll confer a favor upon both man and beast, in accord with the true Christmas spirit

FLINT'S I'INE FURNITURE

OUALITY—ECONOMY—SERVICE

Particularly significant this las week of Holiday shopping are three facts:

FLINT PRICES MEAN ECONOMY, as proved by comparison with the best values obtainable elsewhere.

FLINT QUALITY MEANS SATISFACTION. Christmas gifts selected from our vast Holiday exhibit fill a real need or introduce an added comfort in the homes where they go.

FLINT SERVICE MEANS INDIVIDUAL AT-TENTION, helpful suggestions from experienced salesmen and as great care in the delivery of inexpensive gifts as those involving a large expenditure.

Greatly to the advantage of purchasers who desire to make Holiday Gifts of Furs is the Sale we announce for the balance of this week, consisting of

Fur Coats of every fashionable length. Exquisitely matched Fur Sets. Handsome separate Fur Neck Pieces.

Our assortment includes the most select and luxurious Furs of the season, and the fact of our late opening enables us to offer you unhandled stock a salient point worthy of consideration at Greatly Reduced Prices.

Special attention is also directed to our Sale of Foreign Models in Tailor-made Suits, Gowns, Wraps and Millinery.

Have you been warm outdoors the last few days?

Perhaps your present Winter overcoat is not as The Stocks of Scarfs, heavy as your last one was.

There has been a tendency among clothiers gradually to cut down the weight of wool -in overcoats as well as

We've never believed in that sort of economy.

"Warmth without weight" sounds well, but except in cloths of certain rough fluffy textures it's a sad delusion.

Of course we have coats of these light but warm fluffy cloths.

But since most men want more conservative cloths. most of our Winter coats are comfortably warm not only because they're all wool, but also because they contain enough weight of wool.

Xmas gifts of Leather and Metal Novelties for men who travel, smoke, motor, shave, write, or are just men.

Boys' suits as holiday bargains. All our boys' Norfolks and
